

OFFSHORE SAFETY WORKSHOP MAY 2008

“SHARING GOOD PRACTICE— IMPROVING SAFETY PERFORMANCE”

The National Offshore Petroleum Safety Authority invites you to a workshop regarding two of their current focus areas

COMPETENCY and NOISE MANAGEMENT

The aim of this workshop is to share the findings from NOPSA's assessment and inspection activities, introduce NOPSA's proposed noise management guidelines, and present the approaches of a range of industry stakeholders, including Esso Australia, Woodside Energy and Nabors Drilling.

Please ensure you RSVP by the designated date as seating may be limited. The workshop is targeted to members of the workforce, facility managers, HSE managers and advisors, training supervisors, OHS consultants and training providers.

- When:** 9:00am Thursday 29 May 2008
Registration commences 8:30am
This half-day workshop should finish around 12:30pm, will include morning tea and will be followed by lunch.
- Where:** Venue details provided on RSVP
- RSVP:** Monday 12 May 2008
